**\*\*\* A DOUBLE FEE WILL APPLY IF WORK IS STARTED BEFORE THE PERMIT IS APPLIED FOR \*\*\***

*In accordance with The FBC Section 104.4.1.3(5), Documents for fire detection and alarm systems which cost more than \$5,000 are required to be signed, dated, and stamped by an engineer who possesses a valid certificate of registration. If the total cost of the system, including installation, is \$5,000 or less, and the plans are not signed, dated, and stamped by a registered engineer, a copy of the signed contract must be submitted to verify the total cost of the installed system.*

**The Code in effect is NFPA 72, 2007 ed.**
