

NE 15th Street

Completed Project

Project Manager: Phil Mann, P.E./Jerry Hansen
Tel: (352) 393-8133
Email: mannpr@cityofgainesville.org

Design & Construction: In-House

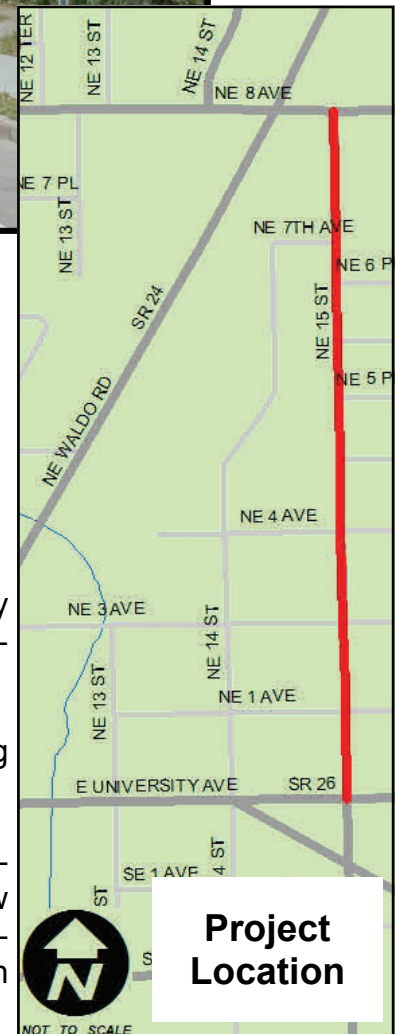

Schedule: Completed January 2013

Description:

Project consists of modifying NE 15th Street between E University Avenue and NE 8th Avenue to a multimodal corridor that will enhance mobility and access in the Duval District.

NE 15th Street is one of the major corridors in the district, providing access to schools, parks and employment centers.

The project includes the addition of on-street bicycle lanes; enhancement of existing marked crosswalks; installation of a new crosswalk by NE 4th Avenue to improve access to the neighborhood park; and ADA improvements at the intersections of NE 4th Avenue and NE 8th Avenue.
