

Duval Stormwater Park Monitoring

Description:

The project proposes to provide water quality monitoring and reporting at the Duval Stormwater Park. Water samples and flow readings will be taken at inflow and outflow locations following 7 to 10 storm events. Testing for various chemical, physical, and bacteriological parameters will be performed and the results will be summarized in a final report.

Consultant:

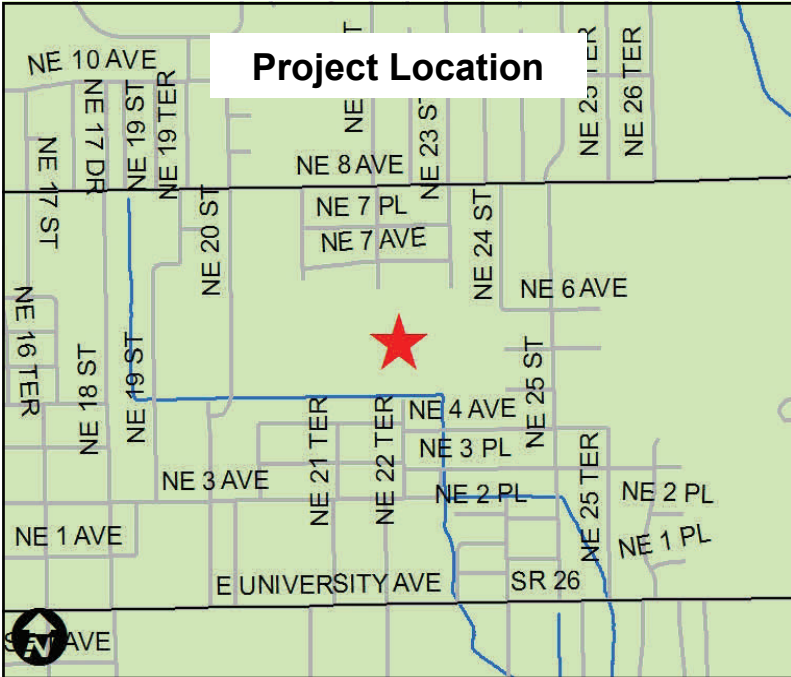

Water & Air Research
 Contract Amount: \$121,929

Grant Funding:

Dept. of Environmental Protection: \$45,000
 Florida Department of Transportation: \$30,000

Contact:

Stewart Pearson, P.E.
 Tel: (352) 393-8803
 Email: pearsonse@cityofgainesville.org

Schedule:

Monitoring to begin August 2013.
 Report due December 2013.

Progress:

Increase in rainfall has resulted in the basin functioning as designed.
