Name of Utility
_____ to _____
or Construction Company Describe the type of activity

SUBJECT TO THE FOLLOWING CONDITIONS/DIRECTIVES:

1. **If the protective coating of an electrical line is penetrated or gases or liquids are escaping from a broken line which endangers life, health or property, the excavator must IMMEDIATELY contact local emergency personnel (call 911) to report the damage location.**
2. The construction and maintenance of such utility shall not interfere with the property and rights of a prior occupant.
3. All work area restoration shall be done in accordance with the standards established by the City of Gainesville and under the supervision of the Public Works Director or his designee(s).
4. All materials and equipment shall be subject to inspection and approval by the Public Works Director or his designee(s).
5. During construction, all safety regulations, as defined by the State of Florida Traffic Control and Safe Practices Specifications, shall be observed. All maintenance of traffic shall be in accordance with Florida Department of Transportation standards.
6. All property, both private and public, shall be restored to its original condition, as far as is practical, as determined by the Public Works Director or his designee(s).
7. All overhead installations shall conform to clearance standards of the Florida Department of Transportation, and all underground crossing installations shall be laid at a minimum depth of thirty (30) inches below the pavement and at least twelve (12) inches below ditch grade. Exceptions may be made in special cases in writing by authority from the Public Works Director or his designee(s).
8. An attached engineering plan covering details of this installation shall be made a part of this permit.
9. It is expressly stipulated that this permit is a license for permissive use only and that the placing of facilities upon public property pursuant to this permit shall not operate to create or to vest any property rights in said holder.
10. Whenever necessary for the purpose of construction, repair, improvement, alteration, or relocation of all, or any portion of the City's facilities located on said right-of-way or easement, as determined by the Public Works Director, any or all of said poles, wires, pipes, cables or other facilities and appurtenances authorized hereunder, shall be immediately removed, reset, or relocated from or on said right-of-way or easement as required by the Public Works Director, and at the expense of the permittee.
