

Women's Extravaganza

The Women's Extravaganza is an annual event just for Women. We have experts in the field of medicine present at each event. They are available to answer your personal questions about: Bone Density, Heart Disease, Cancer, Herbal medicines, Pharmaceuticals, Hormone Replacement, and more! We provide delicious food and beneficial health screenings at each Women's Extravaganza. The Women's Extravaganza occurs yearly in September so look for your invitation in the mail!
